

CASE STUDY:

WILLERBY HOLIDAY HOMES

Seamless Shower Cubicles

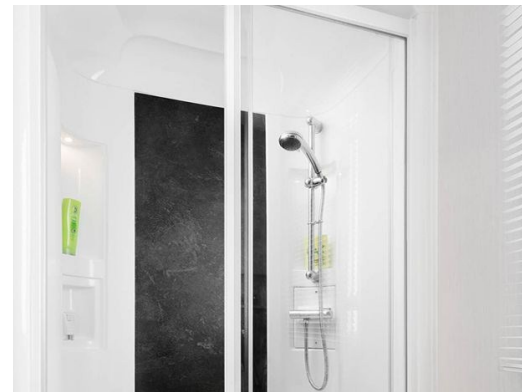

With over 50,000 shower pods supplied, Lamplas are well placed to be the supplier of choice for the holiday home manufacturer.

Holiday home caravan parts include, one piece shower pods, one piece baths with built in walls, barge boards, roof canopies, cladding and less abled bathroom floors.

Lampas offer from a basic pod shell up to a fully fitted out cubicle, complete with fully fitted door, shower kit, valve, LED lights and a selection of ceramic tiles or décor boards.

Seamless construction designed for caravan holiday homes.

No joints or seams to crack & leak, or to attract mould growth.

“The team at Lamplas have been a fantastic find, we have now worked together for over 18 months. They have shown they are able to fulfil the high demands of Willerby and have responded to any challenges we have thrown at them.”

John Matthews,
Group Procurement Officer
